

SENG KANG SECONDARY SCHOOL

Refreshed School Uniform (2025)

We are pleased to announce updates to our school uniform policy, effective from January 2025. These enhancements are designed to improve comfort and functionality, aligning with our school's commitment to student well-being and identity.

Due to the new fabric production process, stocks of the refreshed uniform are expected to arrive in late December. To ensure a smooth transition, the school will use the first two weeks until Friday, 17 January 2025 to advise and assist students with the necessary changes, if any.

Starting in 2025:

1. The new school uniform consists of the following:

- Polo T-shirt
- Pants/ Skirt
- PE T-Shirt
- PE Shorts
- School Socks

The new uniform is made with lightweight, breathable materials ideal for Singapore's climate, keeping students comfortable throughout the day. In addition, the school tie will be discontinued from 2025. Please refer to the images at the end of this document for the refreshed uniform.

2. **Main Uniform:** The daily uniform will consist of a polo t-shirt paired with pants or a skirt. The new polo t-shirt features a refreshed, modernised look, while the pants and skirt feature slight adjustments in colour and fit for a smart appearance.
3. **PE Attire:** Our PE attire has undergone a complete redesign with a new colour, promoting an active, dynamic identity. Sec 1 - 3 students (2025) are to wear the new PE attire starting January 2025. To support students through this transition, the school will be providing two sets of the new PE attire for all Sec 2 and 3 students (at no cost to parents) when school reopens.
4. **School Shoes:** Currently students are allowed to wear only white shoes. In addition to this, the school will allow students on a year-long trial basis, the opportunity to wear track shoes that provide better support for their feet (in their growing up years). The track shoes must be predominantly white, light grey or beige in colour. Any stripes, logos or shoelaces should be non-luminous and not outlandish. During the trial period, the school will study the usage patterns and consider the feasibility of extending this provision beyond 2025.
